

iKNOW – Innovation and Knowledge Management, eStudent Information System, JPGR 51134

1. BASIC PROJECT INFORMATION

Official Project Title	iKNOW – Innovation and Knowledge Management, eStudent Information System, JPGR 51134
Acronym / Short Name	iKNOW
Programme / Funding Source	TEMPUS Programme / European Union
Duration	10.2010–10.2012
Coordinator	London South Bank University (LSBU), UK
Partner Institutions	Partner universities in the project

2. PARTICIPATION OF UNIVERSITY SKOPJE ACADEMIC STAFF

Name and Surname: Sime Arsenovski

Academic Title: Full Professor

Role / Function in the Project: Author, Academic Staff

Specific Contribution to the Project

Membership in the Steering Committee; business analysis; data modelling; system testing; data migration; training of trainers; reengineering of university business processes.

3. CONTENT AND ACHIEVED RESULTS

Brief Project Description

The iKNOW project aimed to modernise student services and university processes through the introduction of innovative content and IT-supported e-services. The project supported integration with European e-government services and contributed to the development of a knowledge-based economy. The engagement included membership in the Steering Committee, business analysis, data modelling, system testing and data migration. Activities for training of trainers and reengineering of the business processes of the universities implementing the new eStudent information system were also carried out.

Key Results / Outputs

eStudent information system; data models; system testing; data migration; training of trainers; reengineering of university business processes.

Publications / DOI / Other Relevant Scientific Results
